THURSDAY, OCTOBER 8, 9:00-11:00 A.M.

Join more than 1,400 of your colleagues at the 2015 FAA Annual Conference & Trade Show in Orlando and hear from legendary collegiate football coach Bobby Bowden.

For more than 20 years, Florida State University's Bobby Bowden molded the Seminoles into the most successful team in college football history. Bowden is the nation's second "winningest" active head coach and the only coach ever to lead nine consecutive teams to ten or more wins per season. His program is the only one in college football history to finish among the Associated Press's top four in nine consecutive seasons, win 11 straight bowl games, and play in 14 bowl games in a row without a loss. His team won the national championship in 1993 and 1999.
