WHY ADVERTISE?
Competitive Carriers Association (CCA) is North America’s leading association for competitive wireless providers serving urban, rural, regional and national areas.

- We represent more than 85% of all domestic wireless carriers.
- Our members spend more than $15 billion per year on products and services related to the wireless industry.
- The licensed service area of our members covers 95% of the nation, serving more than 110 million customers.

*Information provided by CCA

WHO WE ARE
CCA was founded in 1992 by nine rural wireless carriers as a carrier centric organization known as the Rural Cellular Association (RCA). In 2012, after gaining the attention of the tier 1 carriers, RCA re-branded itself to the "Competitive Carriers Association" to better reflect its membership group and role in the industry. Still governed by carriers, CCA has grown to become the nation's leading association for wireless providers serving all areas of the United States.
