

LabTest Certification announces NRTL scope expansion

Delta, BC (Canada), January 30, 2024 – LabTest Certification Inc. is pleased to announce a scope expansion as a Nationally Recognized Testing Laboratory (NRTL) recognized by the Occupational Safety and Health Administration (OSHA) to the following additional standards:

- UL 48, Electric Signs
- UL 508, Electrical Industrial Control Equipment
- UL 508A, Industrial Control Panels
- UL 61010-1, Electrical Equipment for Measurement, Control, and Laboratory Use; Part 1: General Requirements
- UL 62368-1, Audio/Video, Information and Communication Technology Equipment – Part 1: Safety Requirements
- UL 8750, Standard for Light Emitting Diode (LED) Equipment for Use in Lighting Products
- NFPA 496, Purged and Pressurized Enclosures for Electrical Equipment
- UL 1203, Explosion-Proof and Dust-Ignition-Proof Electrical Equipment for Use in Hazardous (Classified) Locations
- UL 121201, Nonincendive Electrical Equipment for Use in Class I and II, Division 2 and Class III, Divisions 1 and 2 Hazardous (Classified) Locations

This latest scope expansion is in addition to the previous UL 1598, UL 60079-0, UL 60079-1, UL 60079-11, UL 60079-15 standards.

"I am thrilled to announce the successful incorporation of these new standards into our ever-expanding scope of accreditations" says Kavinder Dhillon, President of LabTest Certification Inc. "This milestone not only reflects our commitment to excellence but also positions LabTest as a leading provider in the industry. Our dedicated team has worked diligently to broaden our capabilities, ensuring that we can now offer an even more comprehensive range of services to our valued clients.

LabTest is not just keeping pace with industry demands; we are staying ahead of the curve. By continuously enhancing our scope of accreditation, we are not only meeting current market needs but also anticipating the evolving requirements of our clients. This strategic move reinforces our dedication to providing cutting-edge solutions and positions LabTest as the go-to choice for those seeking alternatives to their current Nationally Recognized Testing Laboratory (NRTL).

We are excited about the opportunities this expansion opens up for our clients and are particularly eager to welcome new partners who are looking for a reliable and forward-thinking accreditation provider. LabTest remains steadfast in our commitment to quality, innovation, and client satisfaction, and we look forward to the continued growth and success of our organization in serving the needs of a dynamic market."
