**Corcoran Consulting Group welcomes Nancy Scheetz, APRN
as Managing Consultant**

North Haven, Conn., March 6, 2024 – Corcoran Consulting Group LLC is pleased to welcome healthcare leader Nancy Scheetz, APRN, as Managing Consultant. Nancy works closely with Corcoran team members to actively support the operational, clinical, and financial goals of its home care agency clients.

Scheetz brings over 40 years of professional experience in health care, focusing on behavioral health, addiction services, home health care, and hospice.

Before joining Corcoran Consulting Group, she was CEO of a Connecticut-based non-profit, licensed home care and hospice organization. In that role, she improved quality and increased revenue through innovation initiatives, quality assurance, clinical standards, fiscal management, contract expansion, and board development. The measures Scheetz implemented dramatically

increased home health and hospice patient referrals and patient census, aligned the organization with value-based purchasing, and paved the way for a successful merger.

Before her home health CEO role, Scheetz served eight years at St. Francis Hospital and Medical Center and 16 years at Hartford Hospital / The Institute of Living as an advanced practice nurse. In these positions, she advanced the role of APRN within both hospitals. She improved intake, assessment, and outpatient procedures, oversaw psychiatric and behavioral health services, and strengthened support to juvenile detention centers and Connecticut Department of Corrections cases.

Scheetz has provided clinical oversight of behavioral health services to Medline Inc., designed educational training programs, developed curriculum for the Connecticut Department of Mental Health and Addiction Services, and enabled the role of APRN to be utilized within business and military organizations served by ETP, Inc.

She is an undergraduate nursing school instructor at the Albany Medical Center School of Nursing, St. Joseph College, and Greater Hartford Community College.

Scheetz received her master's degree in nursing from Russel Sage College, Troy, New York, and her bachelor's degree in nursing from Fairfield University. She is a 2015 recipient of the Nightingale Honors for Nursing Excellence Award and a 2022 recipient of the Simsbury Chamber of Commerce's Business Leader of the Year Award. She serves on numerous boards and actively works in her community to prevent teen suicide and addiction in youth and older citizens and address risk factors in gun violence.

About Corcoran Consulting Group

Corcoran Consulting Group provides operational, clinical, quality, and financial solutions and support to home health, hospice, and private duty home care agencies. Led by industry veterans with decades of experience in home care management, the Corcoran team collaborates closely with clients to enhance financial proficiency, define and attain quality benchmarks, improve operational and clinical compliance, and explore strategic options such as mergers and acquisitions. The company offers flexible, project-based arrangements that equip home health, home care, and hospice organizations with the knowledge and tools to embrace best practices.
